To calculate your fees per month, please calculate the number of hours your child is dancing and check the corresponding amount.

Please note this chart is based on a 9 month class cycle.

Creative Kids Classes & the Senior Troupes run September to March, so the amount is multiplied by 7 months instead of 9.

The Junior Troupe runs until the end of January, so that amount is multiplied by 5.

Upon registration all monthly fees will be added to your account, and then paid off individually each month. You can also go on line at any time and make payments if you wish.

Please note discounts are built into the monthly fees. The more hours, the more savings!
